Use				
	1. Certification of dedication of streets, parks, playground easements or other public improvements			
	2. Certification by the City Commission or their designated agent expressly accepting any dedicated land, easements or improvements. An acceptance of a dedication is ineffective without this certification			
	3. A certificate of a title abstractor showing the names of the owners of record of the land to be subdivided and the names of any lien holders or claimants of record against the land and the written consent to the subdivision by the owners of the land, if other than the developer, and any lien holders or claimants of record against the land. The certification shall have been issued no later than 30 days prior to a final plat submittal			
	4. Copies of any covenants or deed restrictions relating to the subdivision			
	5. When required, certification from the State Department of Environmental Quality stating that it has approved the plans and specifications for water supply and sanitary facilities			
	6. A certificate from the developer indicating which required public improvements have been installed and a copy of any subdivision improvements agreement securing the future construction of any additional public improvement to be installed			
	7. The certification of the county treasurer that all real property taxes and special assessments assessed and levied on the land to be subdivided have been paid			
	8. Articles of incorporation and by-laws for any property owner's association			
	9. A letter from the City Engineer certifying that as-built drawings (i.e., copies of final plans, profiles, grades, and specifications for public improvements, including a complete grading and drainage plan) have been received			
	10. A letter from the City Engineer certifying that a copy of all required state highway access or encroachment permits have been received			
	11. For all land used to meet parkland dedication requirements, a final park plan shall be submitted to the City of Payette for review and approval prior to the installation of any park improvements.			
	12. The developer shall provide irrigation system as-builts, for all irrigation installed in public rights-of-way and/or land used to meet parkland dedication requirements, once the irrigation system is installed. The as-builts shall include the exact locations and type of lines, including accurate depth, water source, heads, electric valves, quick couplers, drains and control box
